

What is One Nation Under God USA (O.N.U.G. USA)?

One Nation Under God U.S.A. (O.N.U.G. USA) is a growing group of patriotic, God fearing American citizens who have decided, it is time to take back America from the organized resistance groups who have succeeded in undermining our cherished American values, led us in disobedience to the laws of God, revised and watered down our history, taken away prayer and public references to God, and publicly ridiculed any reliance on our Creator as the sole source of all our national blessings and prosperity.

Are you one of the millions of Americans that feels frustrated every time you hear about some social injustice that took place in this great land of ours?

Tired of feeling like a second class citizen because you are one of those patriotic souls that still believes in God and country?

Ever feel like we are losing our nation and don't know what you can do to stop it?

Then consider joining us in a grassroots movement to stand up for what we believe in, and fight back to reclaim America as One Nation Under GOD!

How We Started:

In 1999, a few Law Enforcement Officers, former members of the U.S. Military, and some concerned Citizens from the martial arts community, got together to form an organization known as "Redline - Blueline". We began by teaching Police, Corrections, Military, Fire, and E.M.S. personnel how to win and save lives during critical incidents (such as street fights, knife attacks, gun battles, and active shooters tragedies, at schools, malls and churches). Soon thereafter, we were also teaching Senior Citizens and women how to defend themselves from attack and intruders in parking lots or their homes. Redline - Blueline has been teaching Americans to fight back and win ever since.

In 2008, we realized the need to focus on more than just dealing with the tragic symptoms; and start addressing some of the causes of our social decay. We started a division we named, "One Nation Under God U.S.A. (O.N.U.G. USA) ", and began to recruit likeminded American Citizens willing to take a stand with us, and join in the fight to reclaim America as One Nation Under GOD! .

O.N.U.G.'s Mission Statement:

"To promote rediscovery of American history, and renew in current generations, the vision and covenant of the founding fathers."

America is in National Crises in so many areas, and has been for some time now. God fearing, Patriotic Americans are tired of the erosion and decay of our cherished values, and they want it to stop!

When people like Robert Maplethorpe can urinate in a glass jar, drop an upside down crucifix in it, and call his art, "Piss Christ", and people actually appreciate it; it is indicative that this country is heading in the wrong direction. When the National Endowment for the Arts, awards federal dollars to Maplethorpe for his creation, it is obvious to most, that some in America are really lost.

There is something terribly wrong with America when courts order the removal of the Ten Commandments and forbid prayer in school, lest the children read and obey the word of God; when courts sanction the circulation of a homosexual newspaper on a high school campus, but deny that same privilege to religious newspapers.

When our children are thousands of times more likely to be killed at a U.S. school by gunfire, than become casualties of a school fire; yet we mandate fire alarms, sprinkler systems, and fire drills, yet forbid teachers from carrying guns to protect our children, something is wrong. Since taking prayer, and God, out of the schools of our nation, cops are now training to enter these same schools, armed as combat soldiers to remedy the homicidal maniacs who appear in class with increasing frequency.

Judges forbid the mention of the name, "Jesus" in school graduation ceremonies, and threaten to have Federal Marshals arrest any kid who dares violate this order, or withhold from them the diploma they earned. When millions of Americans do not stand up and demand the removal of such a judge, nor enforce, "Congress shall make no law establishing religion, or prohibiting the free exercise thereof" we get another step closer to losing our country to the thieves who are stealing it from under our noses.

In 2007, the U.S. Navy fired a chaplain for praying to our troops, "in Jesus name". The battle was later won in Congress, and reaffirmed that unalienable right to other military chaplains. Then, in 2008, the Governor of the State of Virginia implemented a new state policy, forbidding State Police Chaplains from using Jesus Christ's Name, in public prayers; a clear violation of the First Amendment.

In California, teachers bus their 6 year old students to witness a lesbian wedding ceremony, as a class field trip, without the students parents' permission. Homosexuals cannot reproduce, so they must take our children and pollute their minds when they are young and pliable, to ensure their sexual deviant cause survives another generation. Remember what God did to the cities of Sodom and Gomorrah! Does anyone remember when AIDS was called GRIDS (Gay Related Immune Deficiency)? Homosexuals did not like the name, because they said the term "gay-related" did not accurately describe the demographic that the disease affected (only 85% of the people affected were homosexual).

In 1892, the U.S. Supreme Court said, "We find everywhere a clear recognition of this same truth: ... this is a Christian nation." Jump to 2008 folks, not anymore!

Violent crime, corporate greed, 100 million abortions in the U.S. over the last 40 years (how can an Almighty God tolerate the slaughter of 30% of the U.S. population, made in His image? He can't, and He won't, and God will repay this nation for this evil, if we do not repent and ask for His forgiveness), unwed pregnancies are through the roof, pornography is everywhere, our children are being dumbed down more each year by the schools (S.A.T. scores were so low in the U.S., that in 1995 they changed the way we score the test in this country to make us "look" more competitive with the rest of the world), American history is no longer taught in a way that instills awe at the blessings God, our Creator, bestowed on this country, nor a sense of patriotic pride in being an American. We can no longer pray in schools and in official government proceedings without offending some "separation of church and state" radical revisionist that wants to erase over 200 years of American history.

President George Washington said, "It is impossible to rightly govern a nation, without God and the Bible." He also warned us, in his farewell address, "... with caution indulge the supposition that morality can be maintained without religion".

This is the last generation capable of saving America, and you and I are it. If we don't stand up and demand a return to our Judeo-Christian roots and values, America is lost!

Equip, Educate, and Engage:

O.N.U.G. U.S.A. is going to attempt (with God's help and guidance) to get the last surviving God fearing, Patriotic Americans to take a united stand!

To say, "God is not irrelevant!", and "Morality is not situational." People need to realize that America's problems are really their problems too. This still can be a nation, of the people, by the people, and for the people! But we have to get involved.

II Chronicles 7:14 states, "If my people, who are called by my name, will humble themselves and pray, and seek my face, and turn from their wicked ways; then will I hear from heaven, and will forgive their sin, and will heal their land." Our Creator, does not change. He is the same God who our father's fathers prayed to, and relied on to guide them in the construction of this great nation.

President Woodrow Wilson, on the 15th anniversary of Lincoln's Gettysburg address asked the question, "Here is the nation God has builded by our hands. What shall we do with it?"

The answer is pray. Pray for this country and its citizens to return to God and gain the strength necessary to fight this great spiritual battle for the very survival of our nation. The bible is full of evidence that God's people (One Nation Under God... that's us folks) in specific prayer, during times of crises, results in Divine Intervention. On each recorded occasion, without exception, God heard his people's prayers, God answered their prayers, God delivered them from their enemies, God provided for his people, God empowered his people, and God allowed his people to conquer their enemies.

Our forefathers fought and died to bring about this nation; many of us may still have to do the same to keep America and pass her on to our children and their children. We must move beyond prayer to action.

Talk to God about your neighbors, then talk to your neighbors about God.

We must become visible in society again, and in politics, and in government offices. O.N.U.G. is asking God fearing, patriotic Americans to remember our Christian heritage, develop their faith in America's future, and in God, and acknowledge this in public and to the rest of our society. We are distributing T-shirts to anyone who shares our values and will commit to wearing them in public (at the mall, while shopping for groceries, riding your bicycle or motorcycle, jogging, or walking in the park, etc.) on each Saturday and Sunday, when most Americans are off from work, and can see them.

We are asking for the modest price of \$15.00 per t-shirt. Although we make very little on these sales, we reinvest our profits in order increase our efforts and the number people who see our message. If you cannot afford a shirt, come see me and I will give you one for free. I have committed \$8,000.00 of my personal finances this year, to provide shirts to those who cannot afford them. If you can afford to buy two, find someone who cannot afford a shirt, and who is on-board with the program, and give them a free shirt. All of our 50/50 t-shirts will feature, "ONE NATION UNDER GOD", on the front, a full color American Flag on the left sleeve, and one of eight messages on the back, such as, "It is impossible to rightly govern a nation without God and the Bible. -President George Washington."

Our bumper stickers will follow up with our t-shirts. A full color American flag with the words, "ONE NATION UNDER GOD." Remember American spirit after tragedies like the

attacks of Pearl Harbor and September 11th, 2001? You could not find a car, on the roadways of America, that was not proudly flying our flag. Where have they gone today? We have forgotten as a nation and returned to our daily routines. Rust never sleeps, and neither do those who seek to undermine and destroy our cherished American values and way of life.

O.N.U.G. USA wants to motivate God fearing American Patriots to stand up, and stand out. To unify and recruit, organize and combine our collective talents and abilities, until we have the strength in numbers, the public presence and resources to take on and engage the enemy in the battle to win back America. If we don't fight this battle now, in the arena of public opinion, in our courts, and in our schools; I fear we will be forced to fight this battle in the streets of our cities after but a few more years of neglect on our part. Christians are regularly beaten, imprisoned, and sometimes killed for professing their faith in public, in many countries throughout this world. This persecution begins with same neglect and apathy we now see in America, and grows progressively worse, if ignored and left unchallenged.

We cannot continue to allow mothers who are with child, to kill their babies and call it "choice". These little children have no choice, except to die. We on the other hand, do have a choice. We can either continue to ignore this slaughter of human life, in the sight of God; or we can rise up, speak out, and vote to stop it (Only the Lord had a delight in thy fathers to love them, and He chose their seed after them, even you, above all people, as it is this day. Deuteronomy 10:15).

We cannot continue to remain silent when sexual deviant practices are promoted, in our society, and in our children's schools, in the name of tolerance. If we do, we will be more than dismayed at the destruction of our society, in this generation. Society tells us they were "born this way", and that we must allow them to practice and promote this "lifestyle", regardless of the fact that it is in clear contradiction to the Word of God (read Romans 1:24-32 to see God's view on the issue of full civil rights for Gays and Lesbians; and what God says they that take pleasure in breaking God's law are worthy of; verse 32).

We need to open the Book, read the Bible, and see the sins God wants us to stop committing. It is no wonder those who take pleasure in such things, want to remove the Word of God, which condemns these behaviors.

Beware lest any man spoil you through philosophy and vain deceit, after the tradition of men, after the rudiments of the world, and not after Christ (Colossians 2:8). Praise God, the prayers of the people in California, Arkansas, Arizona, and Florida were answered on election day, and Marriage was protected as the institution God made it to be!

When the people elect a President of the United States, who promises to protect and promote these sins in "his" administration, we are in serious trouble as a nation (and Ahab did more to provoke the Lord God of Israel than all the kings of Israel that were before him. I Kings 16:29-31,33).

Our Creator calls this world and all in it, "His!" (Behold, the heavens and the heaven of heavens is the Lord's thy God, the earth also, with all that therein is. Deuteronomy 10:14). A U.S. President cannot openly lead the people in disobedience to God's Laws without drastic consequences befalling our nation (Judges 18:7,27 & 21:25).

When Aaron and the Israelites rebelled against God, soon after being brought out of bondage in Egypt; God wanted to destroy them (Deuteronomy 9:12-14, 20, 25-27).

We must stop doing what seems right in our eyes, and start doing what God says is right in His eyes! We should be thankful that there are still righteous people in America asking God not to destroy this nation for its wickedness. We should pray that God will listen to them, as he did to Moses, and give us another chance to get right with God, as a people and as a nation.

"If we abide by the principles taught in the Bible, our country will go on prospering."
- Secretary of State Daniel Webster

"Intelligence, Patriotism, Christianity, and a firm reliance on HIM, who has never forsaken this favored land, are still competent to adjust, in the best way, all our present difficulty."
- President Abraham Lincoln, Inaugural

Address

Godly men and women must wake up, and become visibly involved in our communities again.

If you would like to help, get a t-shirt and a few bumper stickers, or support our noble cause, please let us know (one_nation_under_god_usa@msn.com / **underscore between words**).

In closing, consider the following story...

Two men go to the same gymnasium after work each day. They have been friends for many years, and regularly work out with weights and train in the martial arts together. Both have served in the armed forces and are currently employed as law enforcement officers in their community. As the two men exit the building, they notice a female member of the gym walking to her car ahead of them, in the dimly lit parking lot. Suddenly, a man in a ski mask jumps out from the bushes and knocks the woman to the ground. The woman tries to scream, but the man welds his gloved hands over the lady's face and successfully muffles her screams for help. As the man rips the woman's clothes from her body, he repeatedly punches her in the face.

The two men watching are horrified at what they see. One turns to the second and says, "Can you believe how this neighborhood has taken a turn to the south?" "I know what you mean", says the other man. "This kind of thing never used to happen when I was growing up around here."

The assailant begins to sexually violate the woman, still punching her in the face each time she tries to scream. Our two spectators are even more upset now. "Now he is raping that poor girl. Somebody should stop these kind of things from happening." the first man says. "Man, this has got to stop. This guy doesn't know when to quit. He just keeps on taking more and more. I'll be glad when people like him aren't around here anymore!"

Finally the woman slumps over unconscious. The assailant rifles through her purse, taking cash and a few credit cards. He adjusts his mask, and disappears back into the bushes.

"I am sure glad that is over!", says the first man. "Me too. I had a hard time watching that", says the second. "Hey let me buy you a beer before the game starts."

"You're on. Great workout huh?" "Sure was, my biceps are really sore!"

Question: "What is the difference between our two spectators, and you?" How much longer are we going to allow the thieves to steal our heritage and continue raping America?

How much longer are able bodied Americans going to sit back and watch the disassembly of American values, traditions, and God's law? How can we sit back and not take action, when it is within our power to fix these injustices?

James 4:17 says "Therefore to him that knoweth to do good, and doeth it not, to him it is sin." God has to be just as angry, and ready to strike down, the able bodied people who sit back and just watch, without ever trying to get involved; as He is with those who are actively involved with destroying this country from within!

We have lost our passion, as a nation, to do what is right. We no longer care about loving our neighbor, as long as "I get mine", nor about offending God.

God warns us in Revelation 3:15-16 "I know thy works, that thou art neither cold nor hot; I would thou wert cold or hot. So then, because thou art lukewarm, and neither cold nor hot, I will spue thee out of my mouth." God cannot continue to chew on some of the stuff we are doing down here in the U.S. without eventually spitting us out of his mouth! It is time for us as individuals and as a nation to get right with God again.

Acts 24:16 gives us some good advice, "And herein do I exercise myself, to have always a conscience void of offense toward God, and toward men." It is time to renew our covenant with God, just like our forefathers did before us (Read Nehemiah 1:6-7).

"Righteousness alone can exalt America as a nation, Virtue, Morality, and Religion are the armor that renders us invincible." - Patrick Henry

Keep Alert and Stay Safe,

Bob Brown
